DETAILED ACTION

The amendment and response filed on 03 April 2006 has been entered and overcomes the objection to the specification.

Allowable Subject Matter

1. Claims 1-9 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claim 1, the prior art of record neither shows nor suggest a method of manufacturing an electron-emitting device comprised of, in part, forming an opening, which extends from a surface of the third electroconductive layer to the protective layer, by dry etching, and wet-etching the protective layer through the opening to expose a portion of the layer containing at least one of the materials forming the electron-emitting layer, along with the rest of the limitations of the claim.

Due to their dependency, claims 2-9 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
